

DUAL SPORTS: BADMINTON

Princes Lloyd Peralta, MAEd, LPT

What is
Badminton?

- Badminton is a racquet sport played using racquet to hit a shuttlecock across a net.

A badminton racket with a red handle and a white shuttlecock resting on its strings. The racket is positioned diagonally across the frame, with the head on the left and the handle extending towards the top right. The shuttlecock is placed on the strings of the racket head. The background is a solid, dark brown color.

Objective of the game

- The aim of **badminton** is to hit the shuttle with your racket so that it passes over the net and lands inside your opponent's half of the court.

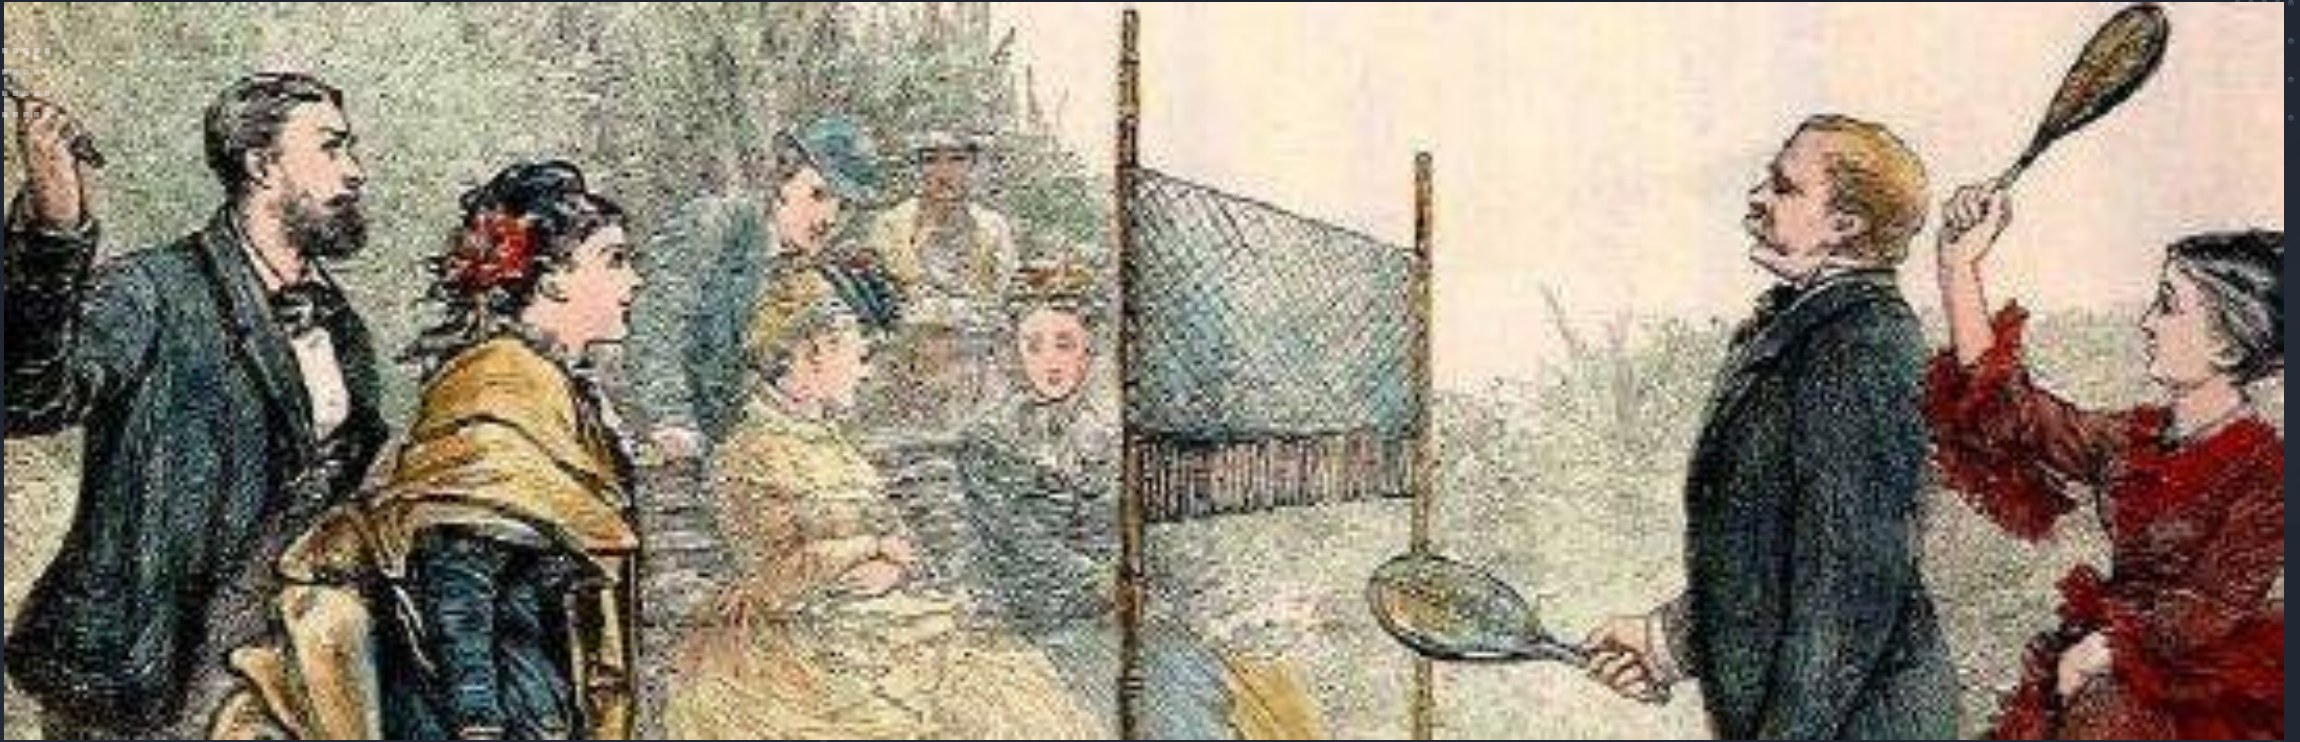

HISTORY OF THE GAME

HISTORY

- Badminton has its origins in ancient civilizations in Europe and Asia. The ancient game known as battledore (bat or paddle) and shuttlecock probably originated more than 2000 years ago.

1600s

- In the 1600s battledore and shuttlecock was an upper-class pastime in England and many European countries. Battledore and shuttlecock was simply two people hitting a shuttlecock backwards and forwards with a simple bat as many times as they could without allowing it to hit the ground.

19th Century

- A net was added in the Game by British Military Officers
- The Game was popular in British Garrison town of POONA.
The name was changed after the Place which is POONA

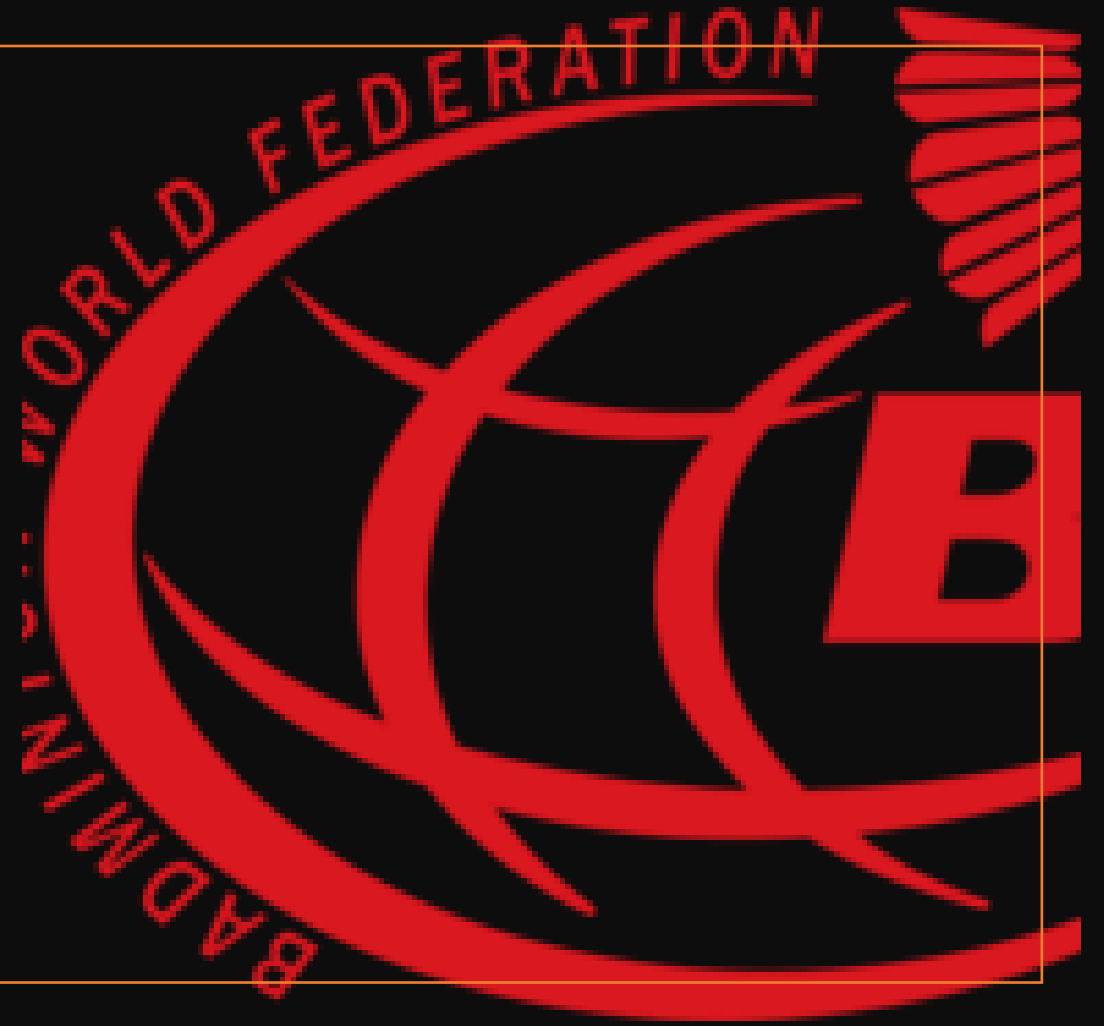

The background of the slide is a historical painting depicting a large, multi-story estate with a prominent central tower and multiple chimneys. In the foreground, there is a large, calm lake reflecting the sky. Several deer are visible on the grassy bank in the lower right. The scene is set in a lush, green landscape with large trees on the right side.

THE NAME “BADMINTON”

- The game was taken by the retired officers who got back to England
- It was introduced to guests of Duke of Beaufort at his stately home “Badminton” in Gloucestershire, England where it became popular.

1934

- The International Badminton Federation was established.
- In the Present time it is Badminton World Federation

1948

- The first IBF tournament was held. It was the Thomas Cup (World Men's Team Championship)

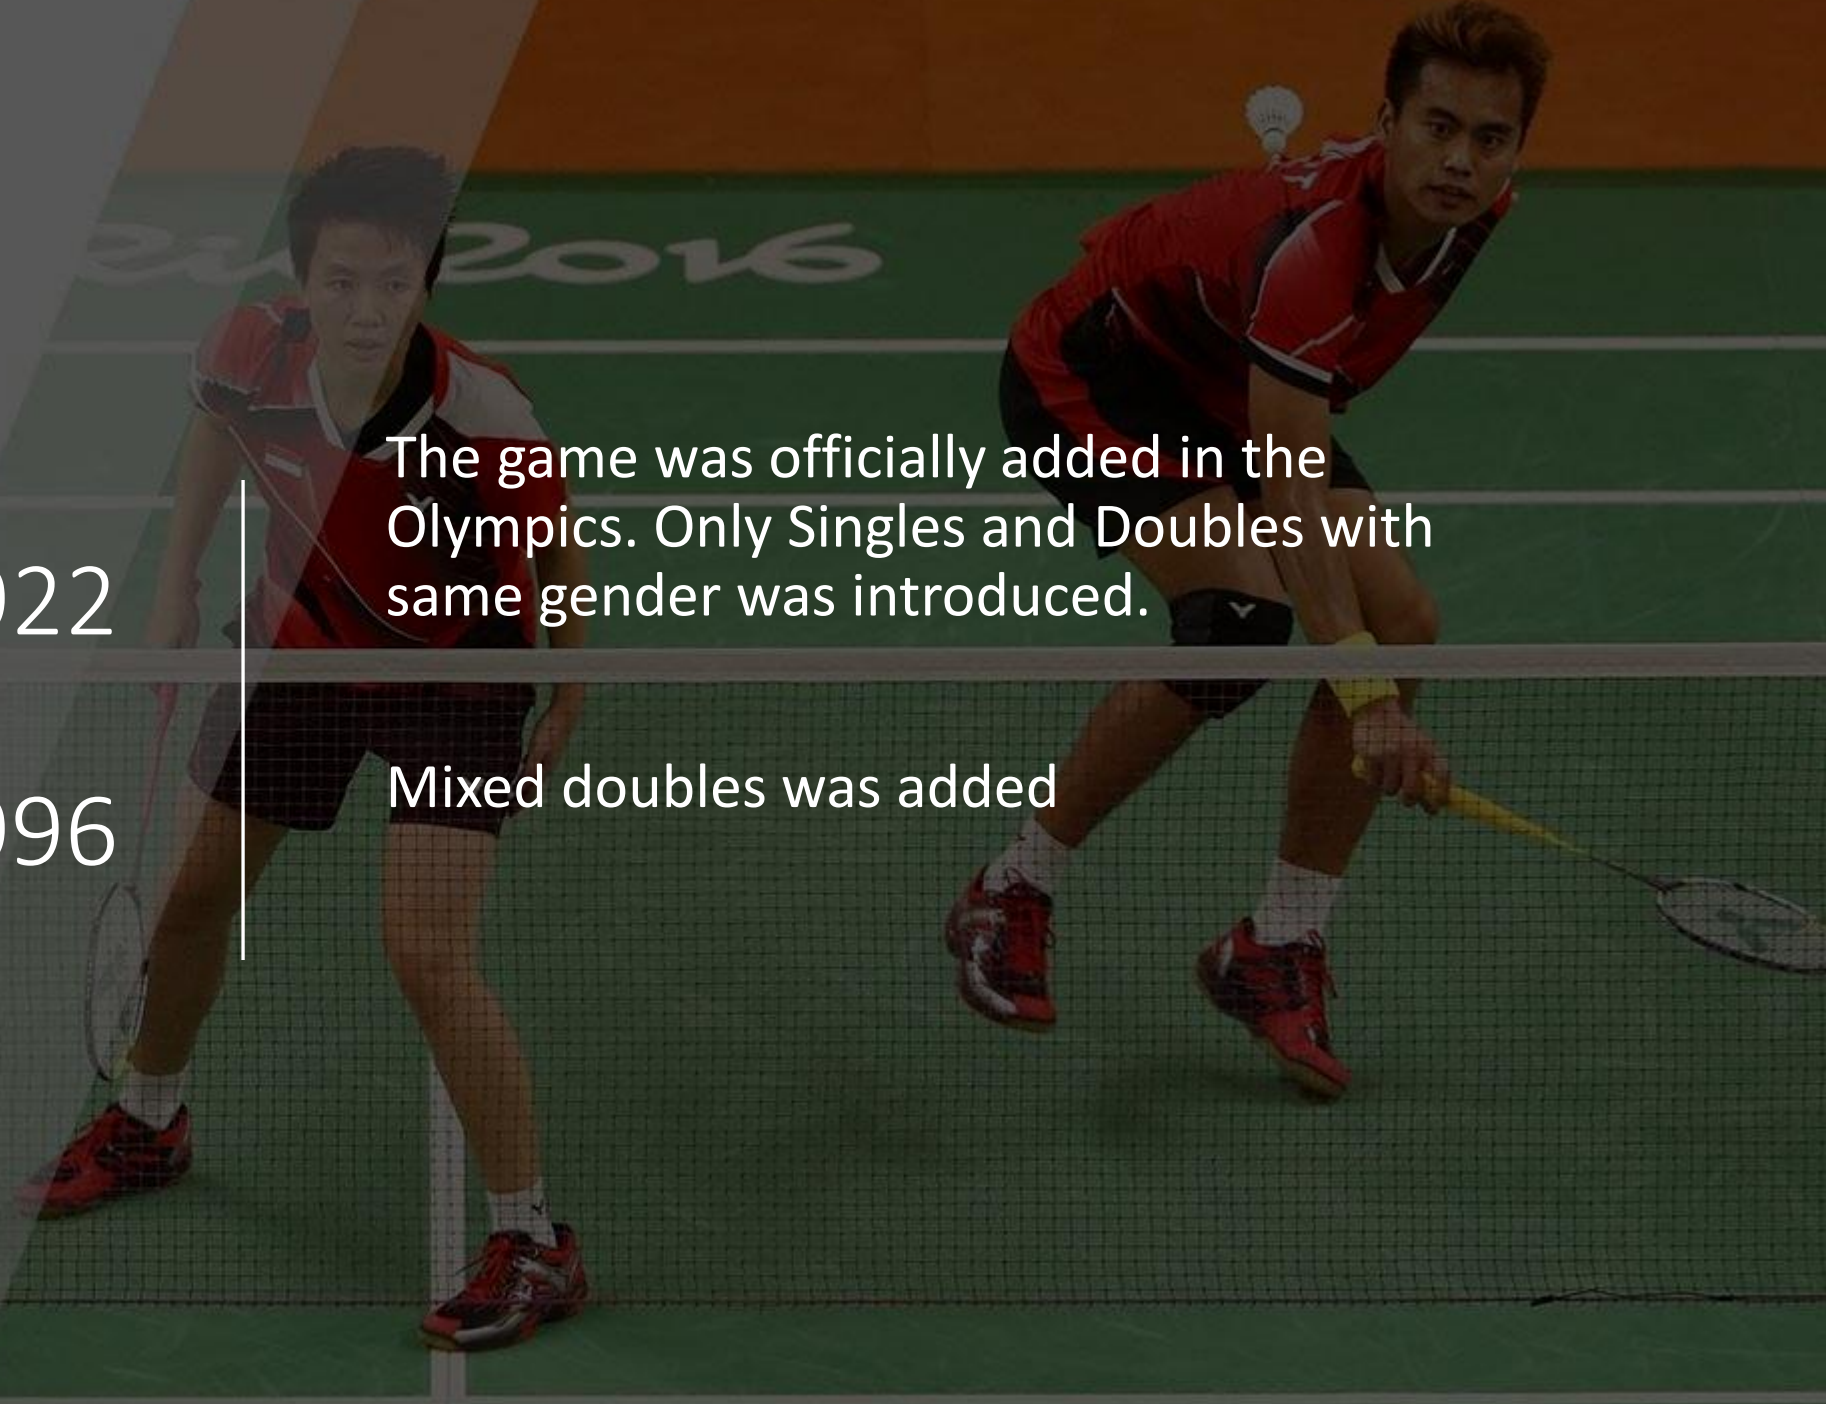

1922

The game was officially added in the Olympics. Only Singles and Doubles with same gender was introduced.

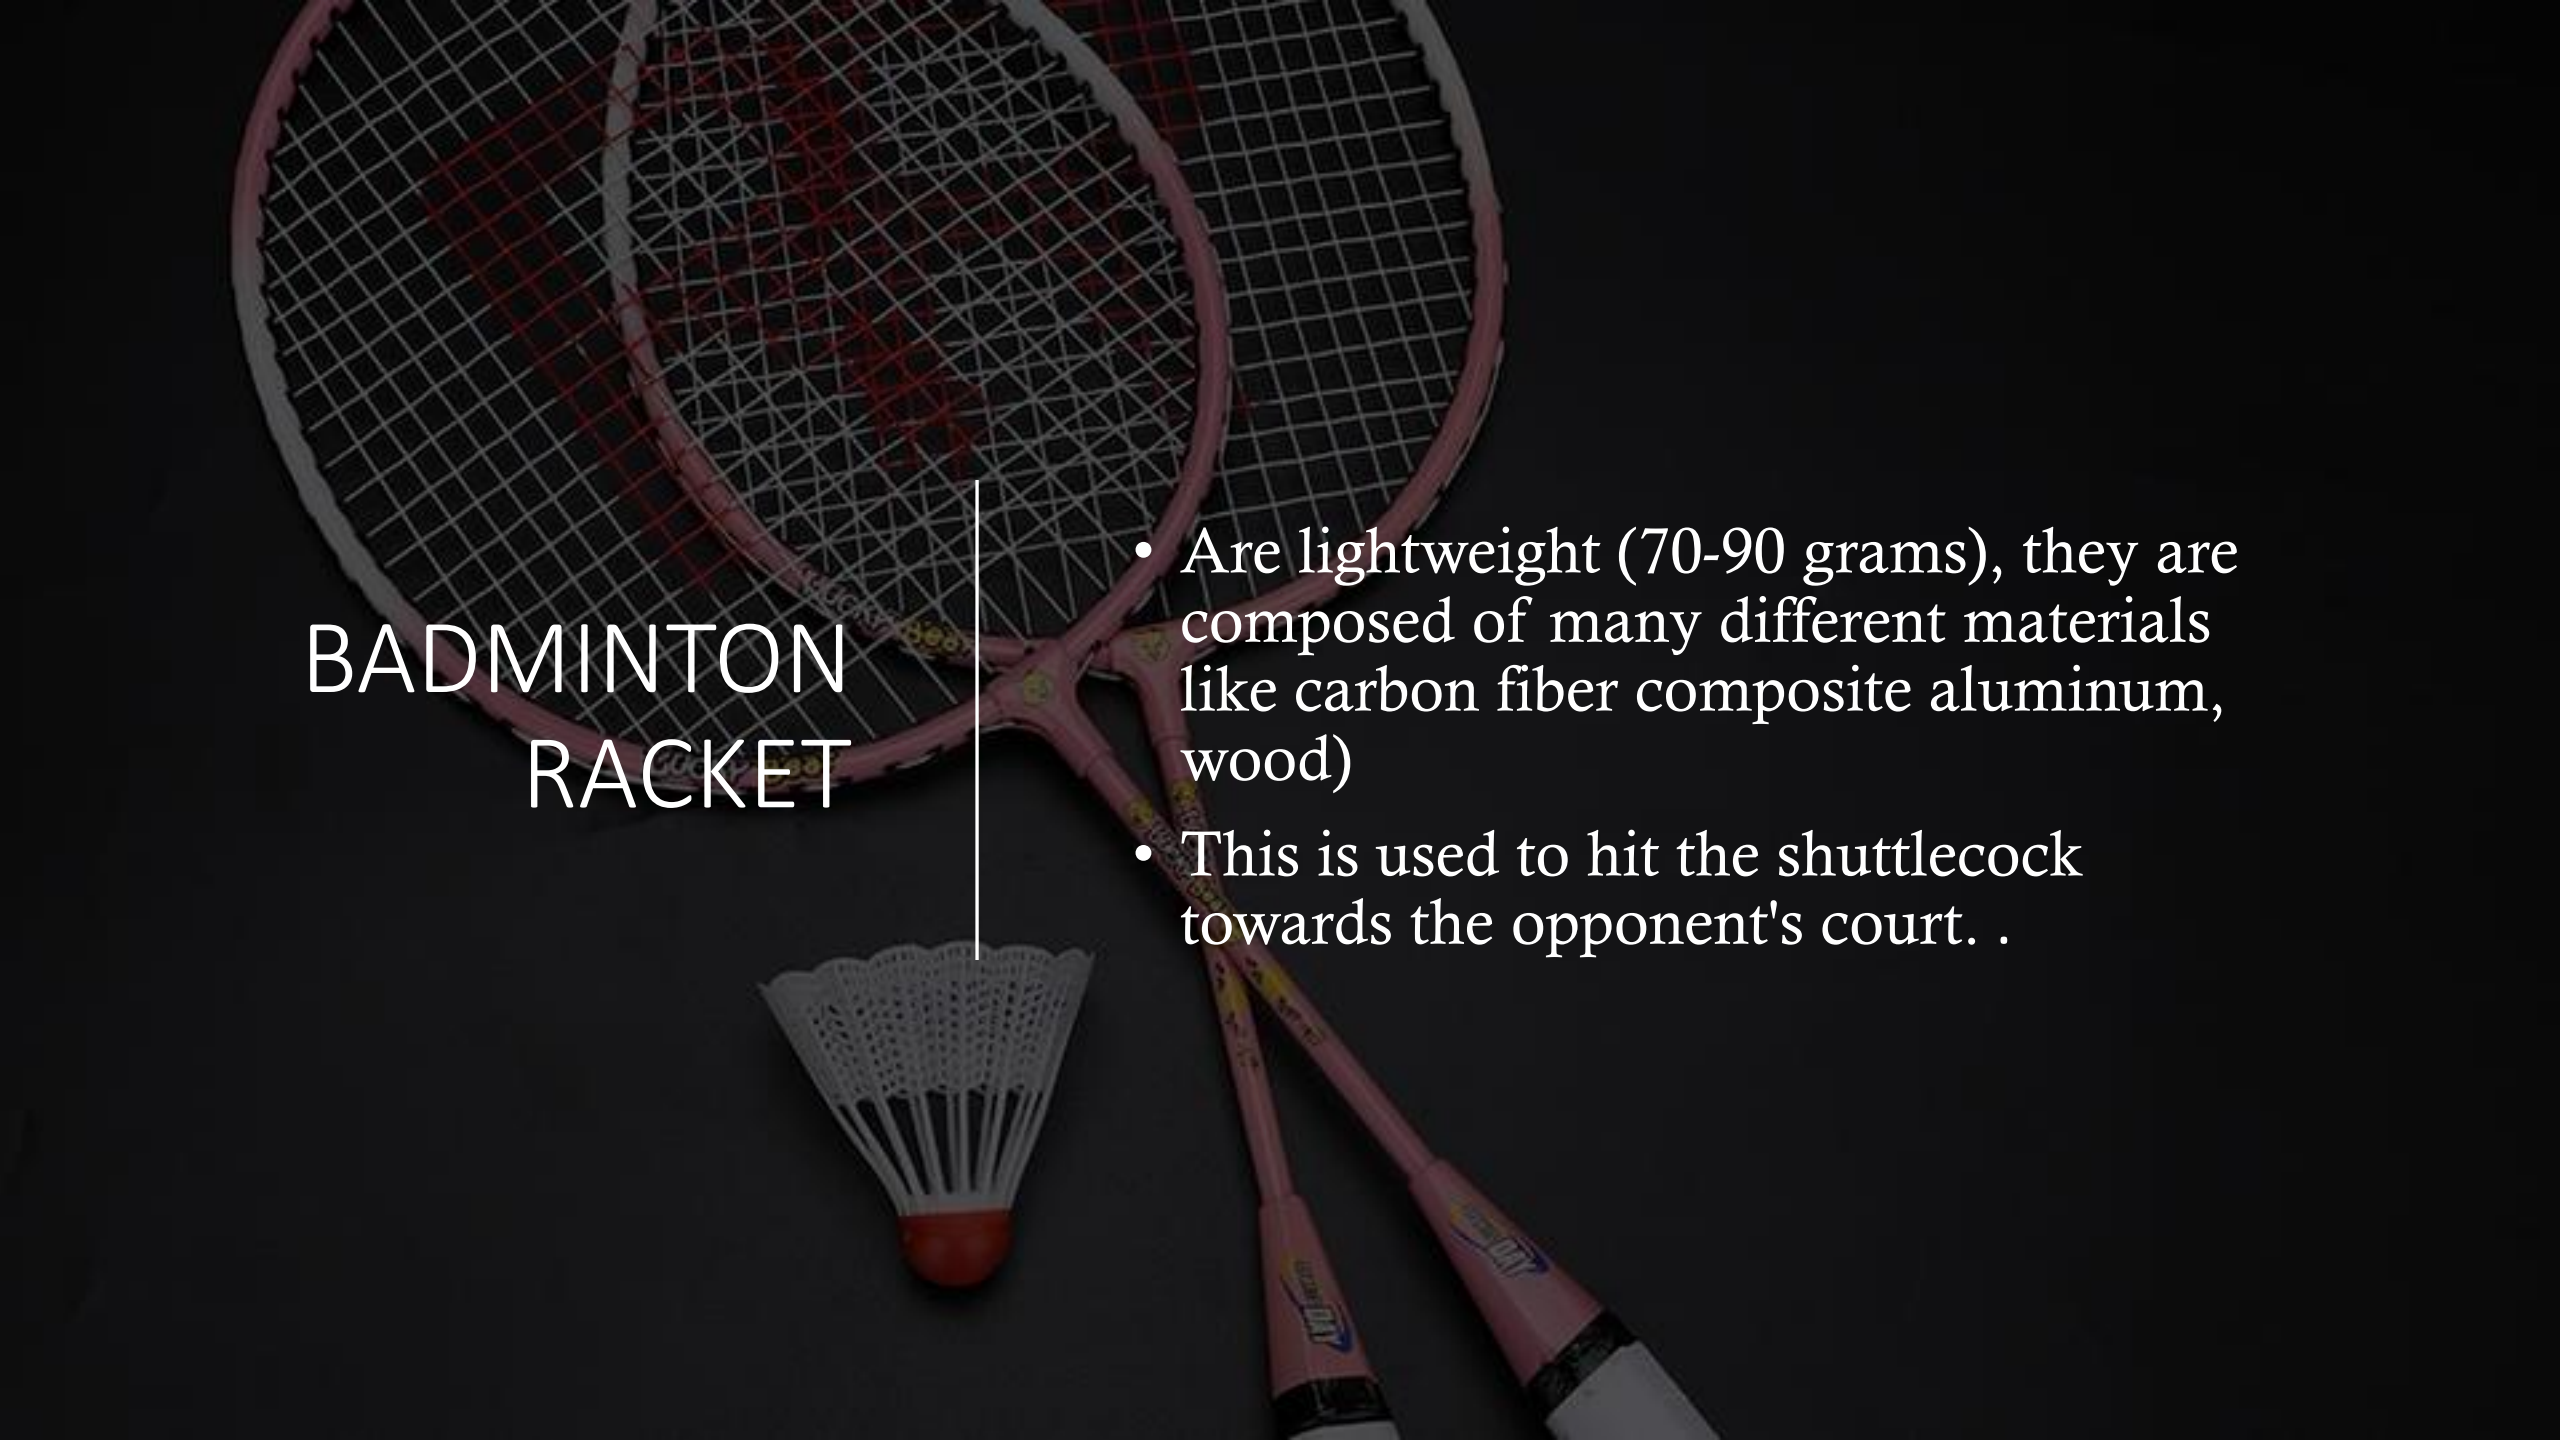

1996

Mixed doubles was added

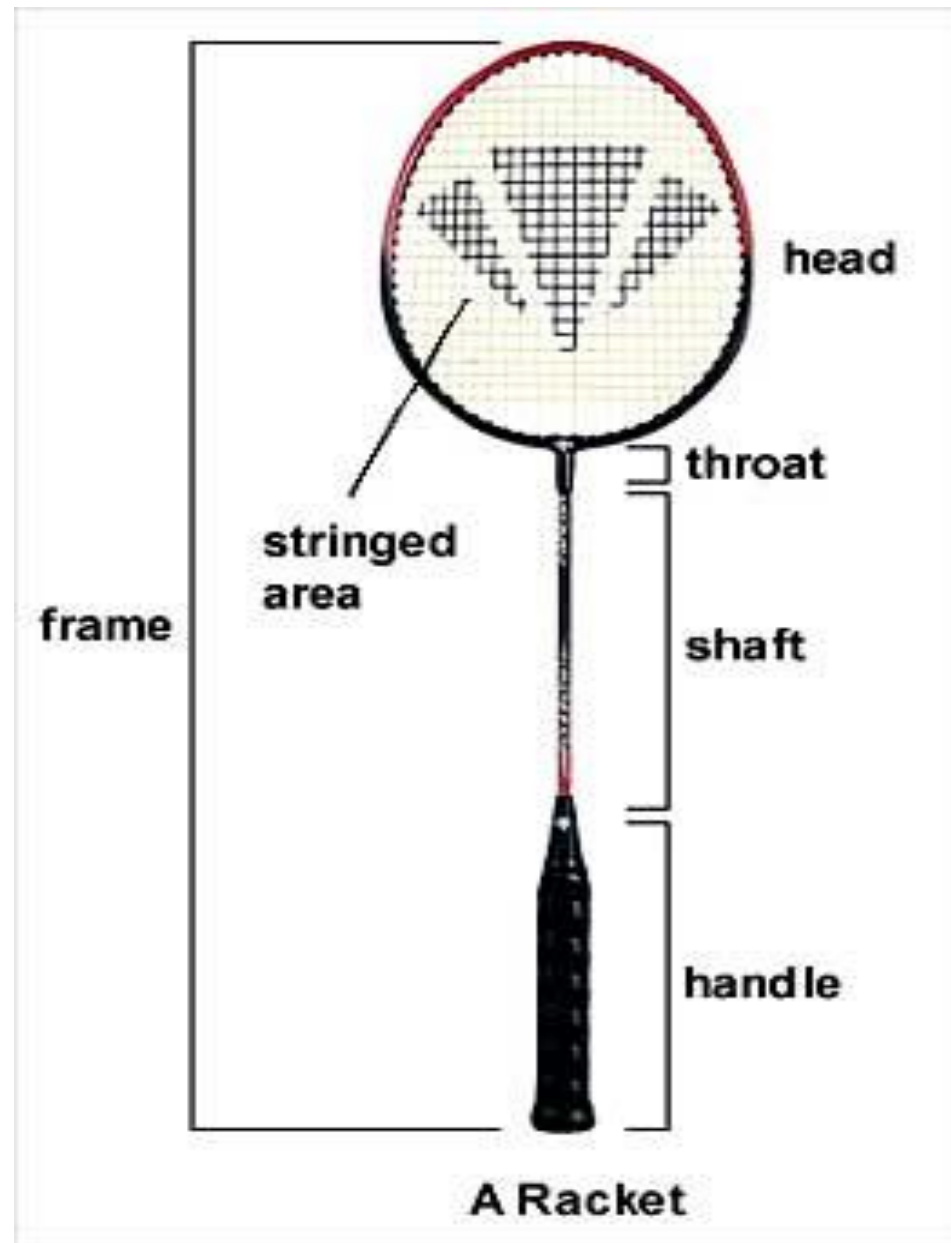

EQUIPMENT

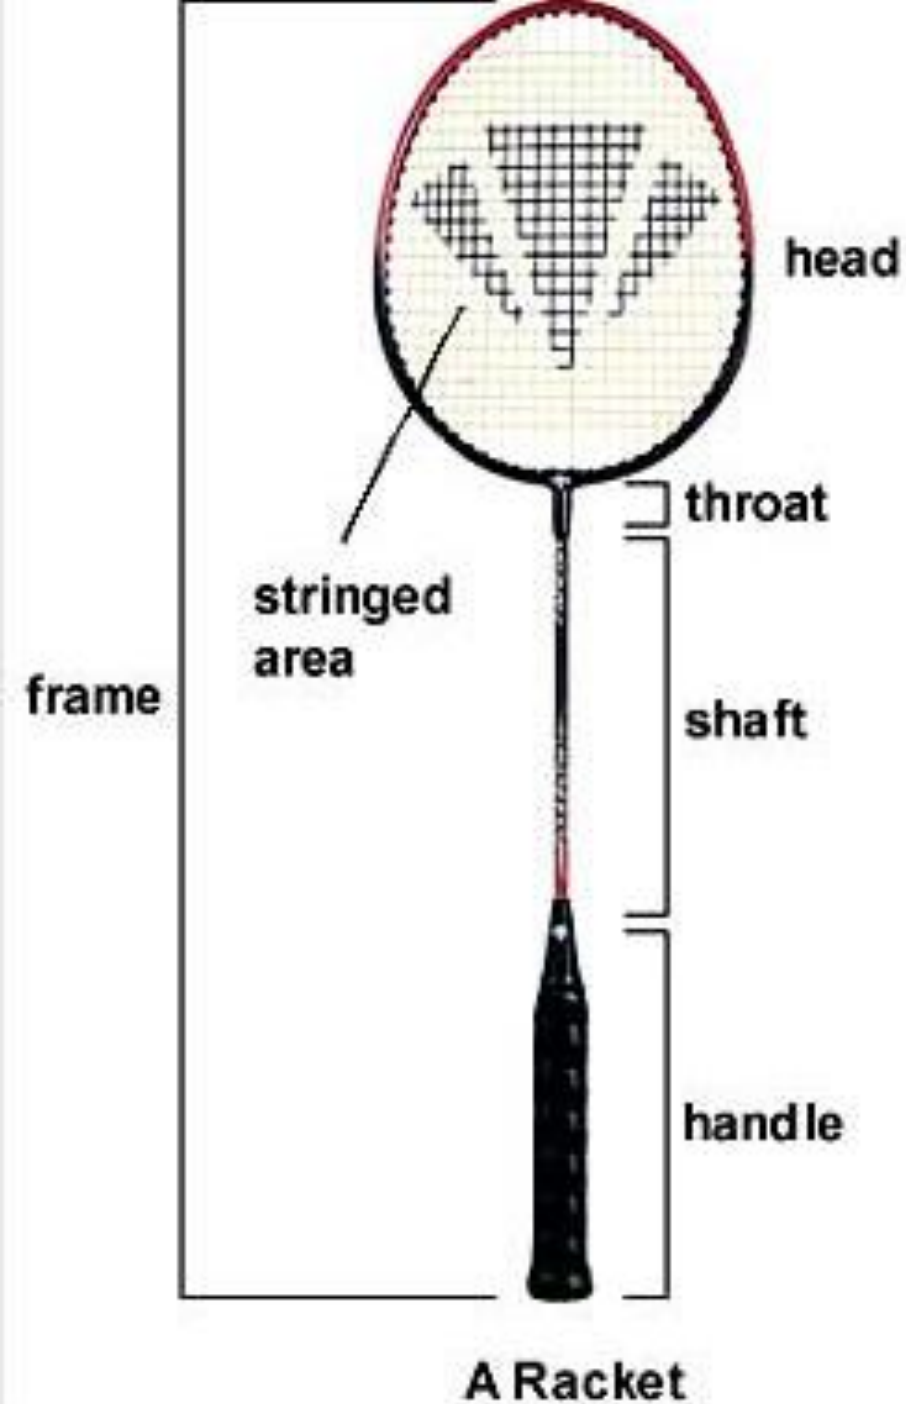

The image shows two badminton rackets and a shuttlecock. The rackets are pink with white and red stringing. They are positioned diagonally across the frame. A white shuttlecock with a red base is located at the bottom center. The background is dark and textured.

BADMINTON RACKET

- Are lightweight (70-90 grams), they are composed of many different materials like carbon fiber composite aluminum, wood)
- This is used to hit the shuttlecock towards the opponent's court. .

PARTS OF BADMINTON RACKET

- This is where the shuttlecock must pass to travel towards the opponent's court.
- These are the equipment used to divide the court into two sides.

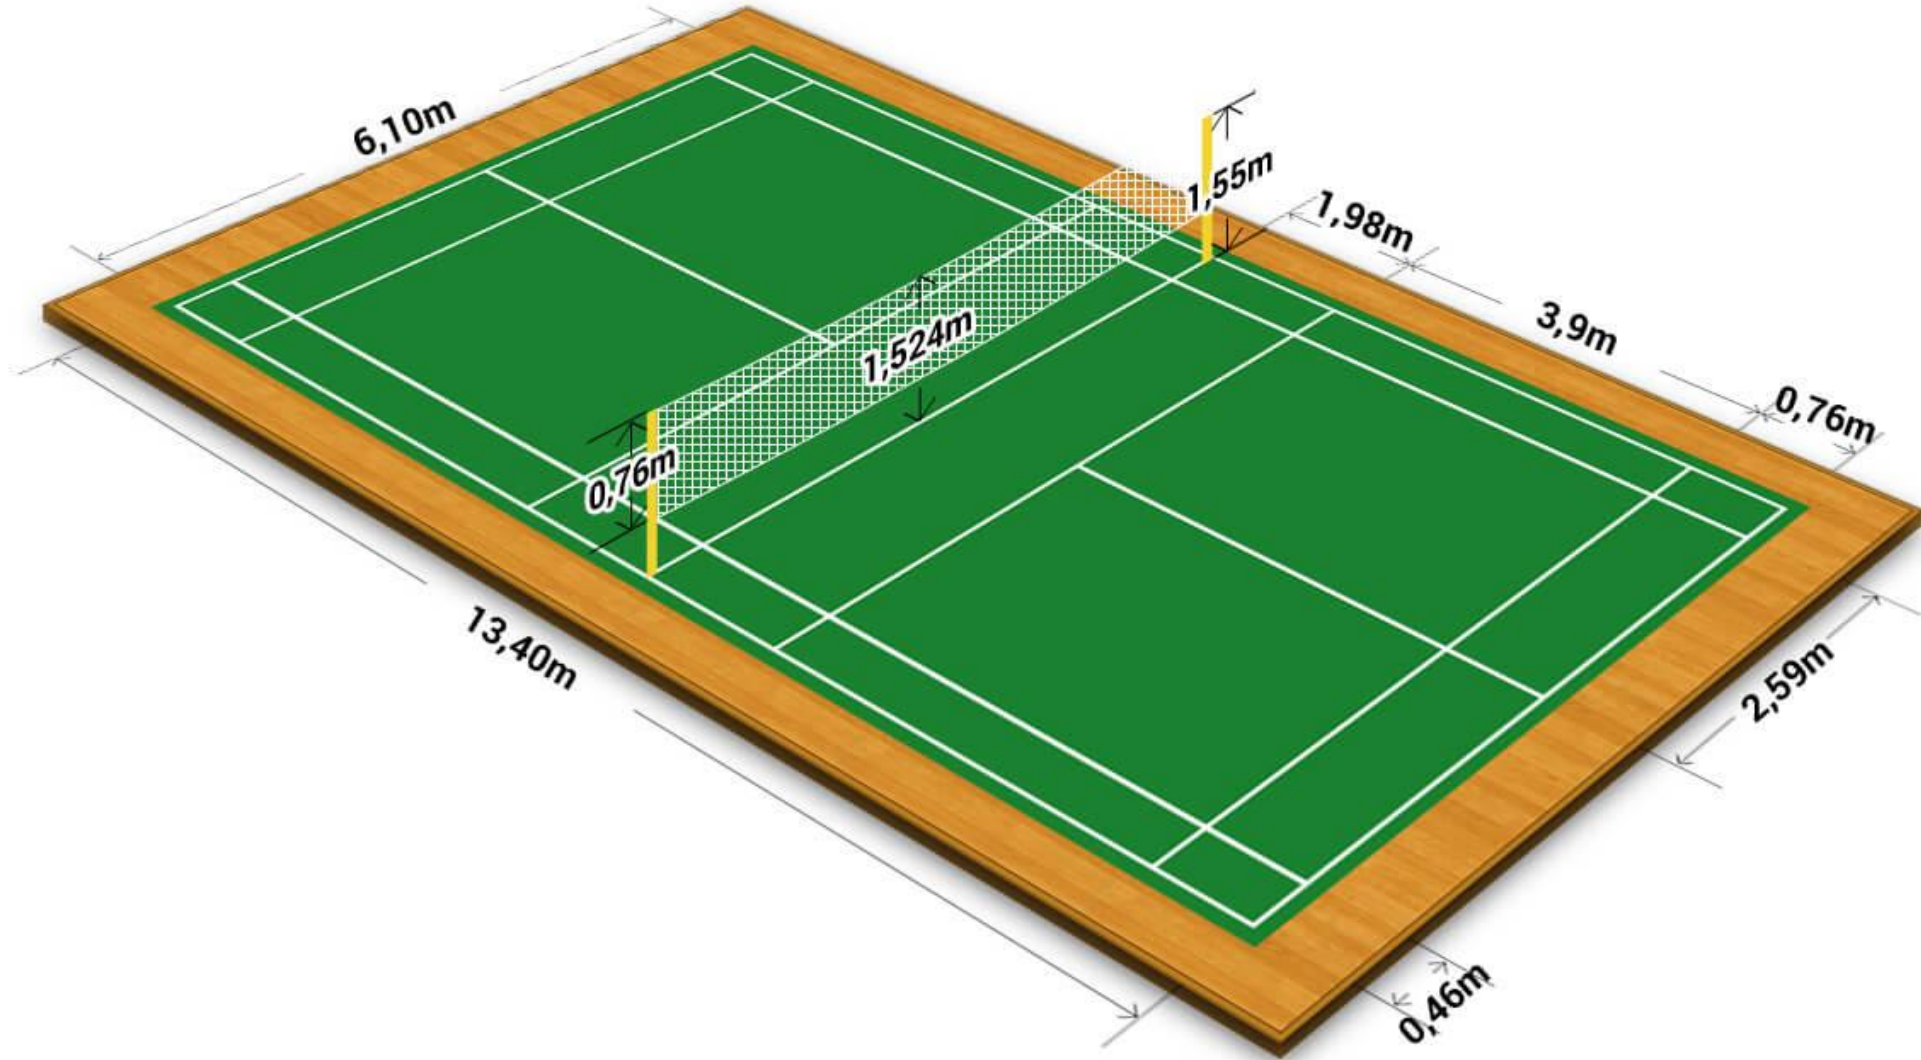

NET

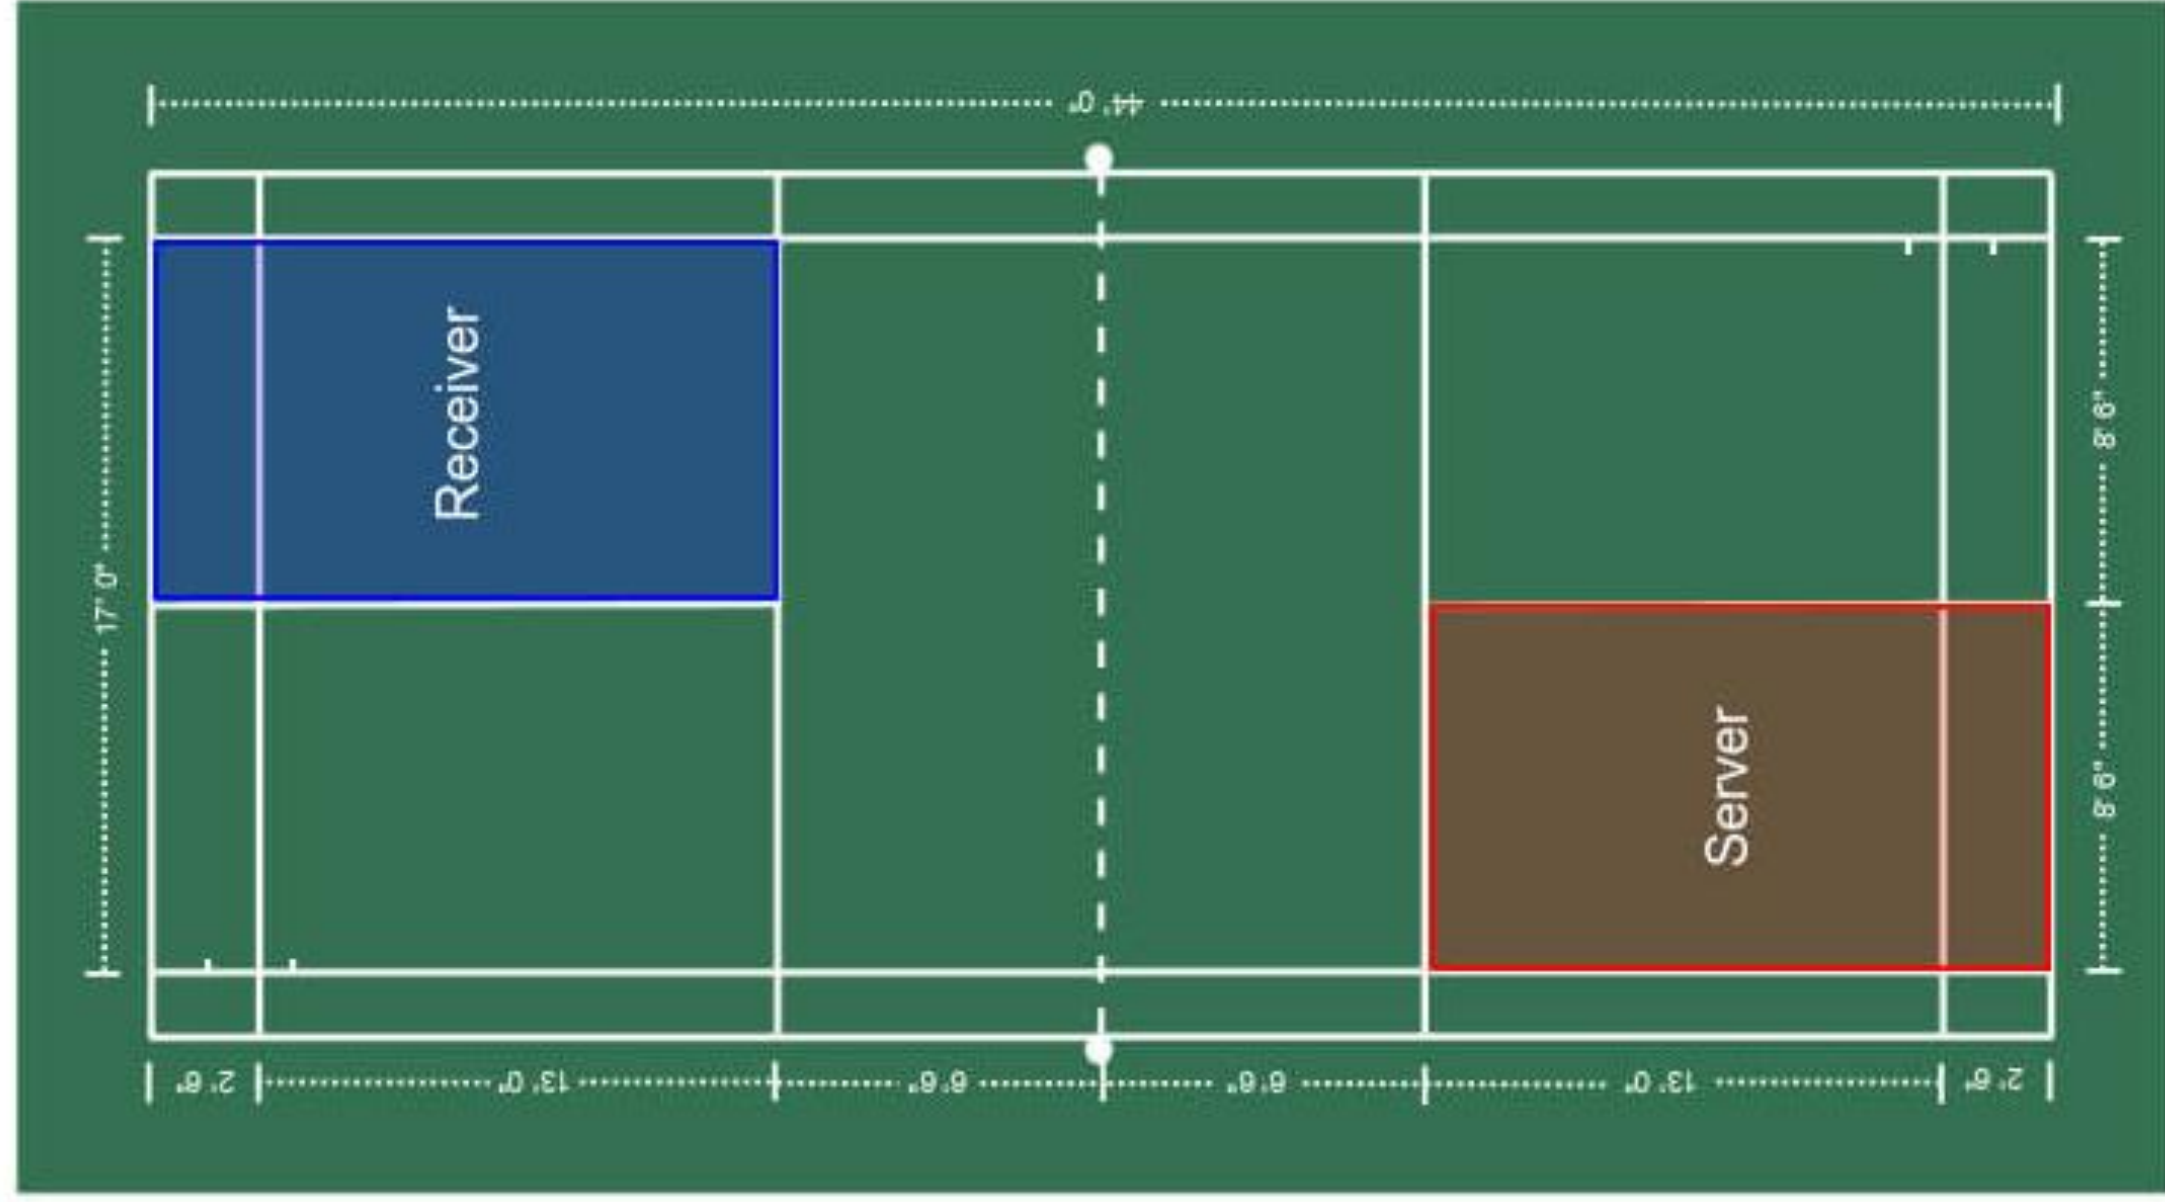

- The posts are 1.55m high from the surface.
- The net is 760m in depth and a minimum of 6.1m wide.
- The top of the net from the surface of the court is 1.524m at the center of the court and 1.55m over the sidelines.

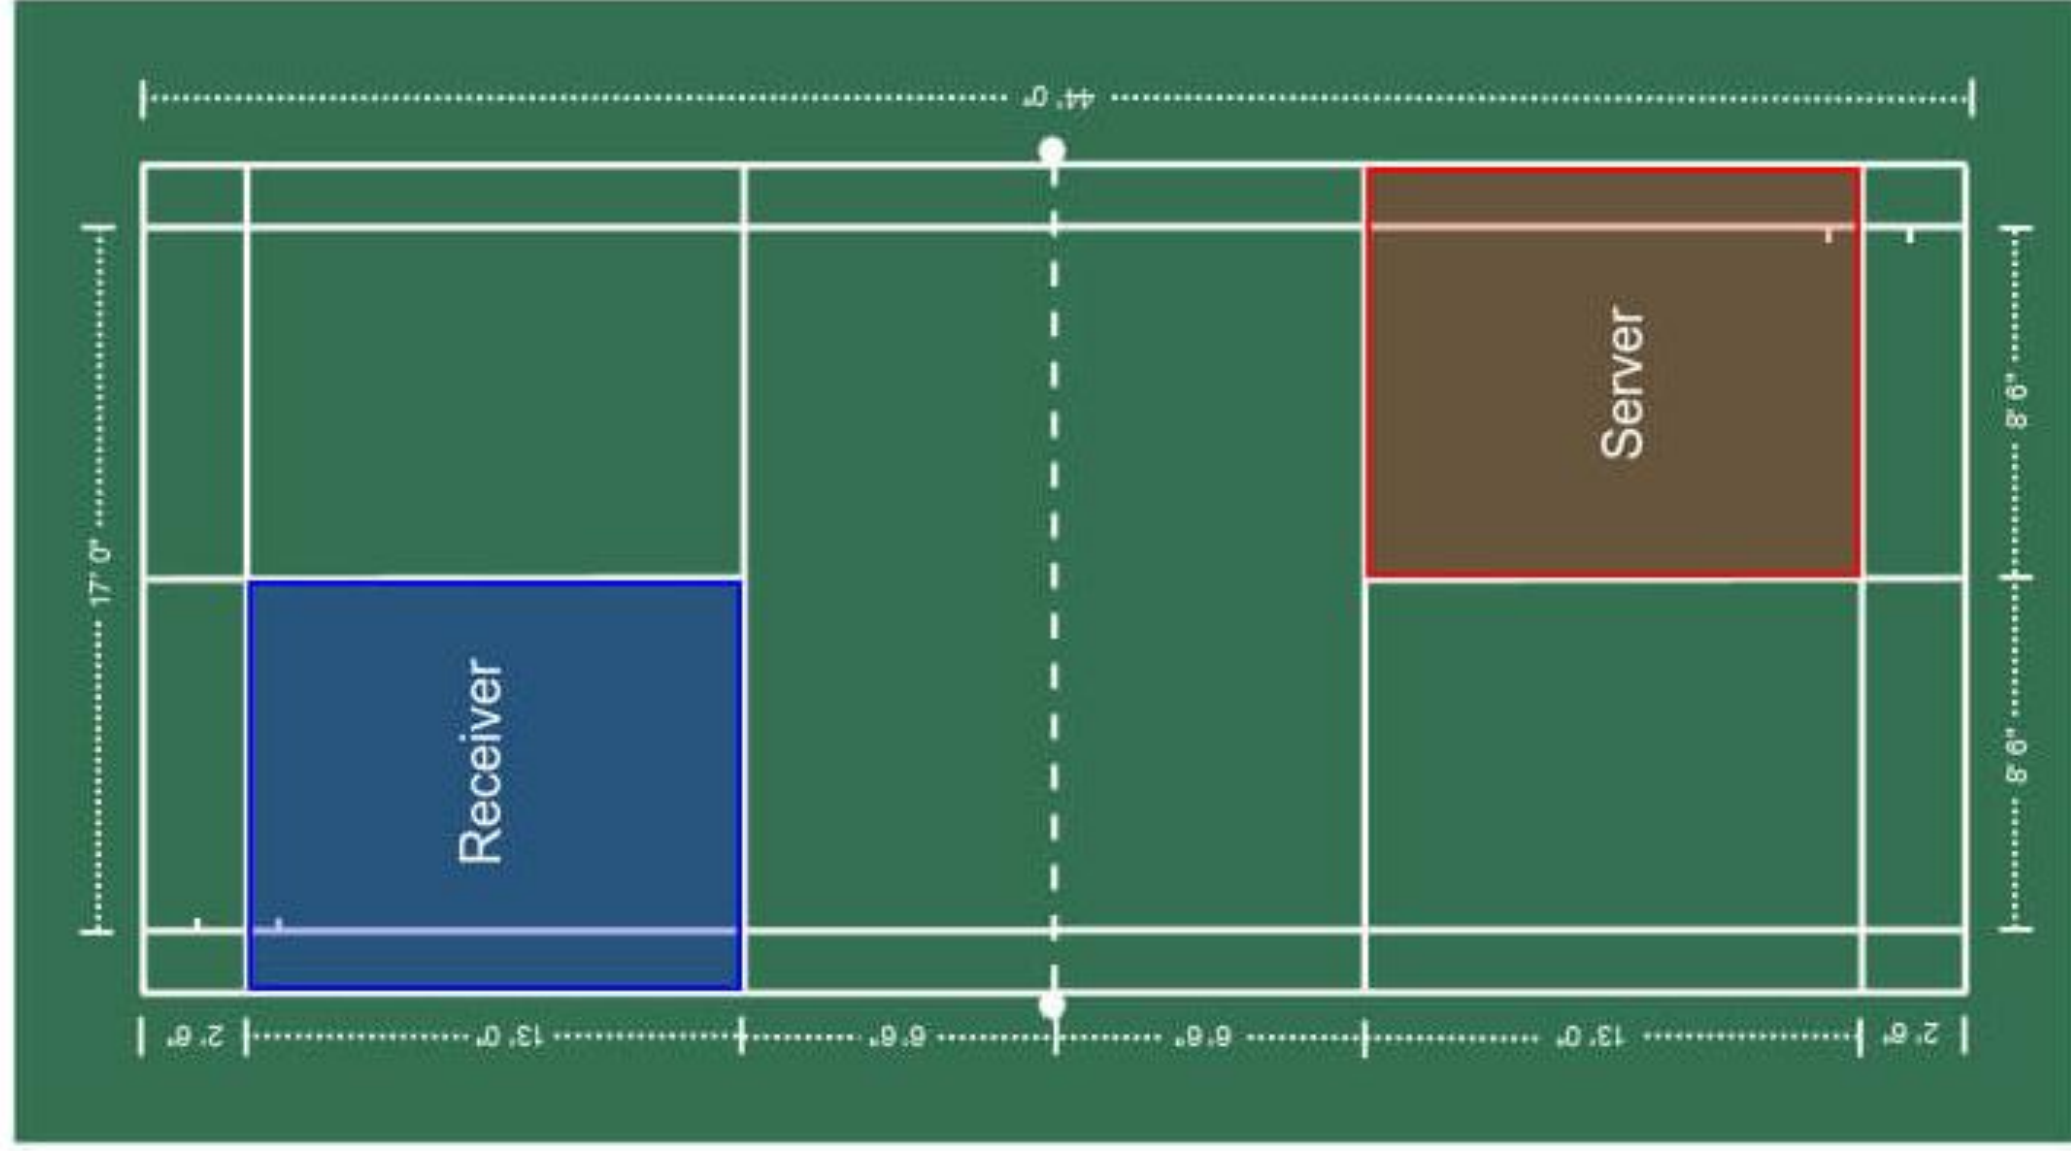

4. Court

- The playing surface of the game Badminton
- The badminton court is 13.4 m long and 6.1 m wide. For singles the court is marked 5.18 wide
- The lines are marked with color white or yellow and 40 mm wide

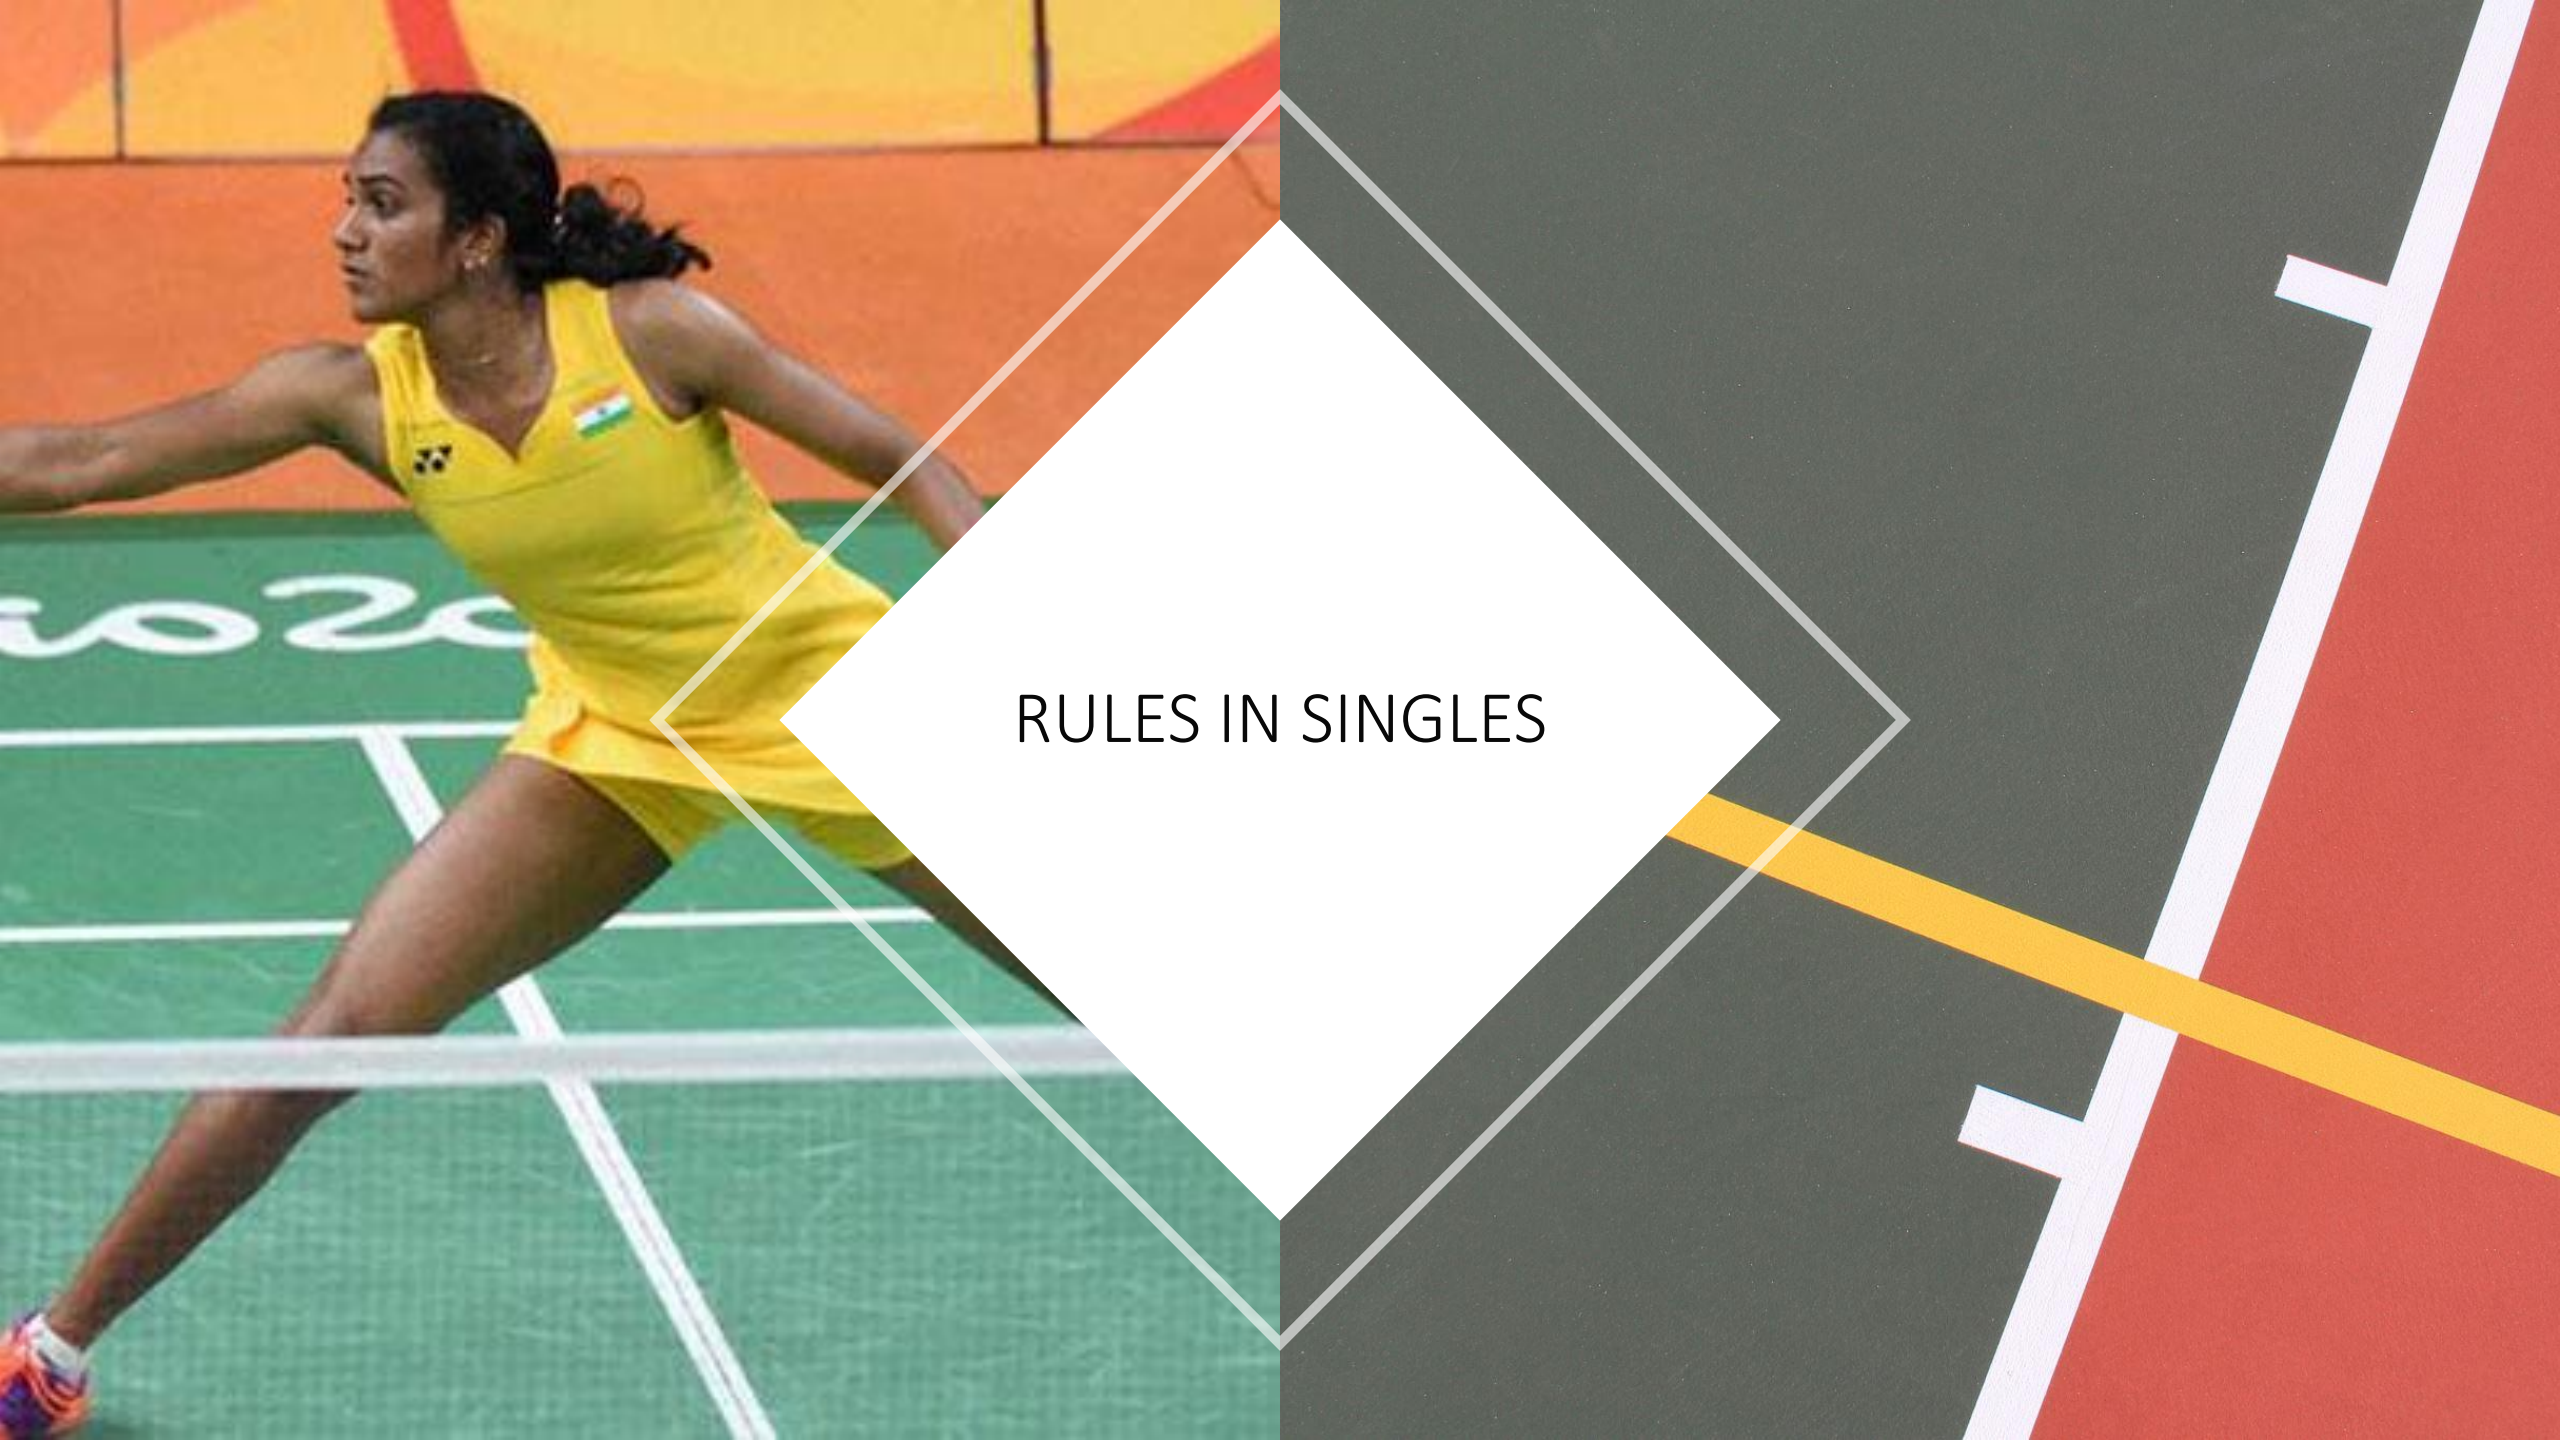

SCORING SYTEM & GENERAL RULES AND REGULATIONS

RULES IN SINGLES

Singles – Serving order

- At the beginning of the game (0-0) and when the server's score is even, the server serves from the right service court. When the server's score is odd, the server serves from the left service court
- If the server wins a rally, the server scores a point and then serves again from the alternate service court

Singles – Serving order

- If the receiver wins a rally, the receiver scores a point and becomes the new server. They serve from the appropriate service court –left if their score is odd, and right if it is even

Scoring system for Singles

- Badminton Singles is a match consists of the best of 3 games of 21 points
- Every time there is a serve- there is a point scored
- The side winning a rally adds a point to its score
- At 20 all, the side which gains a 2-point lead first, wins the game
- At 29 all, the side scoring the 30th point, wins that game.
- The side winning a game serves first in the next game

20-22

21-13
11-21

RULES IN DOUBLES

Double – Serving order

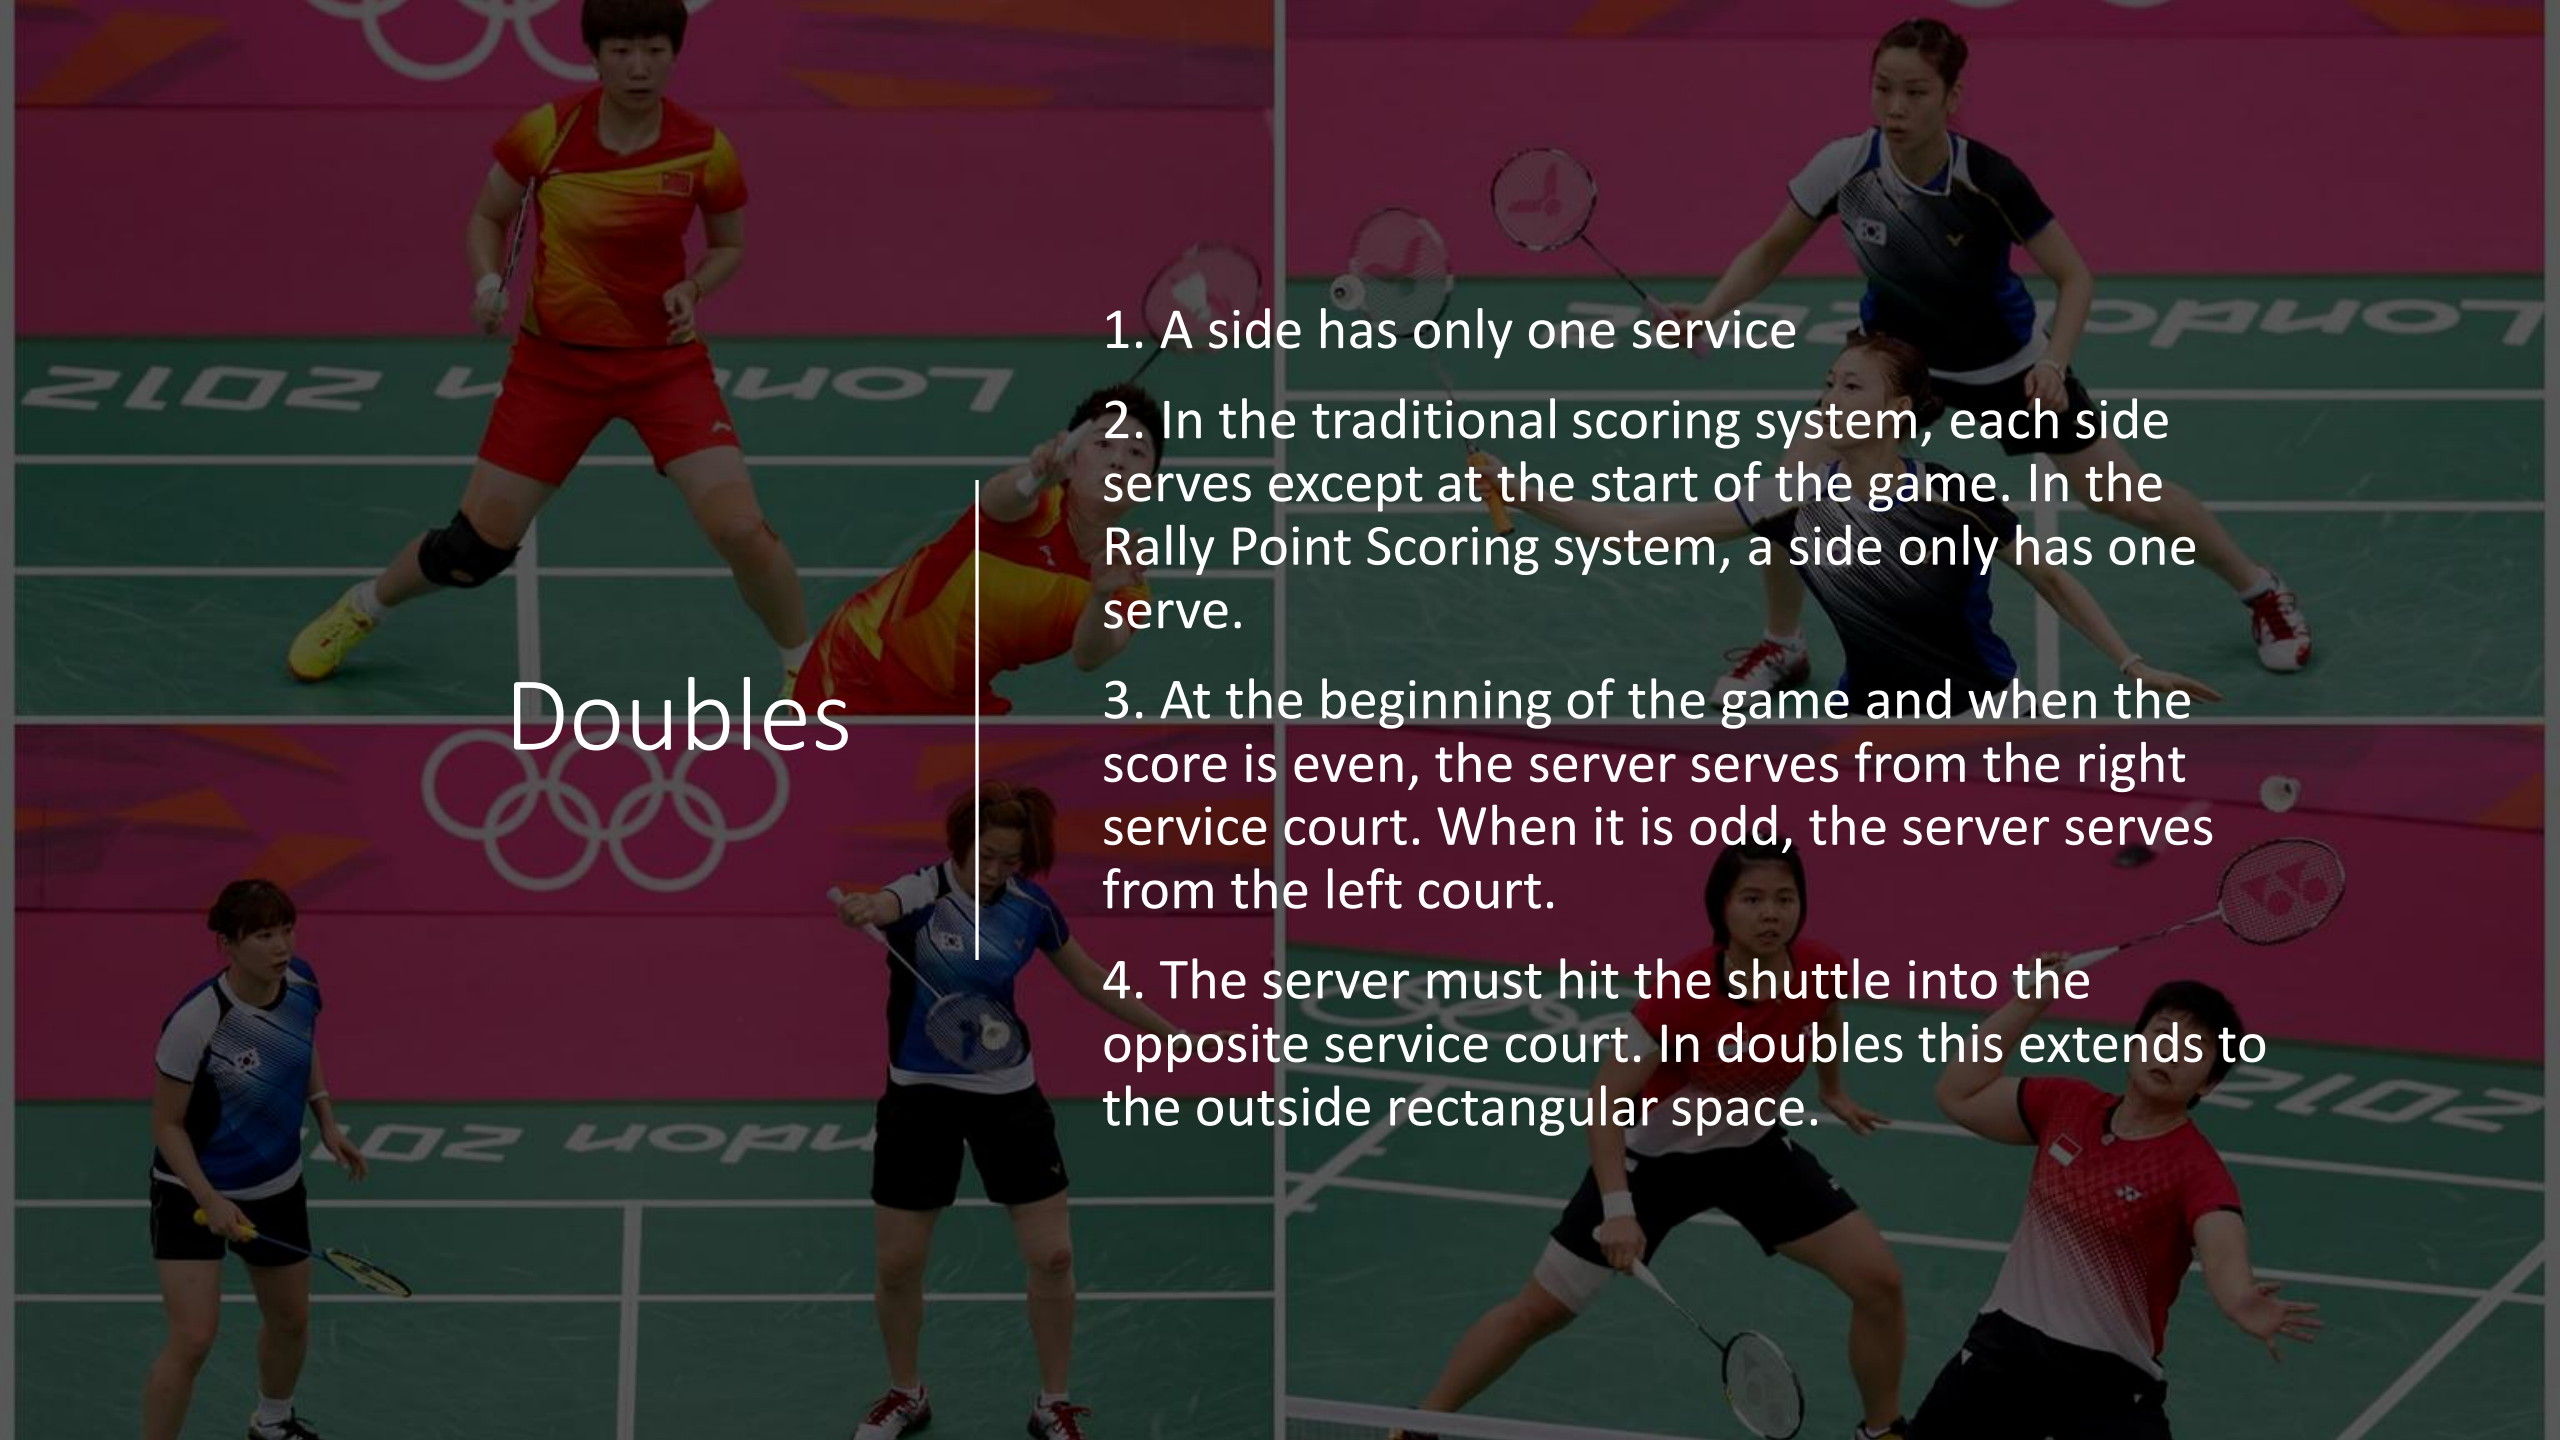

- A team will only have one player serve, per “service”.
- At the beginning of the game and when the score is even (0,2,4,6, etc.) the server serves from the right service court. When it is odd (1,3,5,7, etc.) the server serves from the left service court.
- If the serving side wins a rally, the serving side scores a point and the same server serves again from the alternate service court.

Double – Serving order

- If the receiving side wins a rally, the receiving side scores a point. The receiving side becomes the new serving side.
- The players do not change their respective service courts until they win a point when their side is serving.

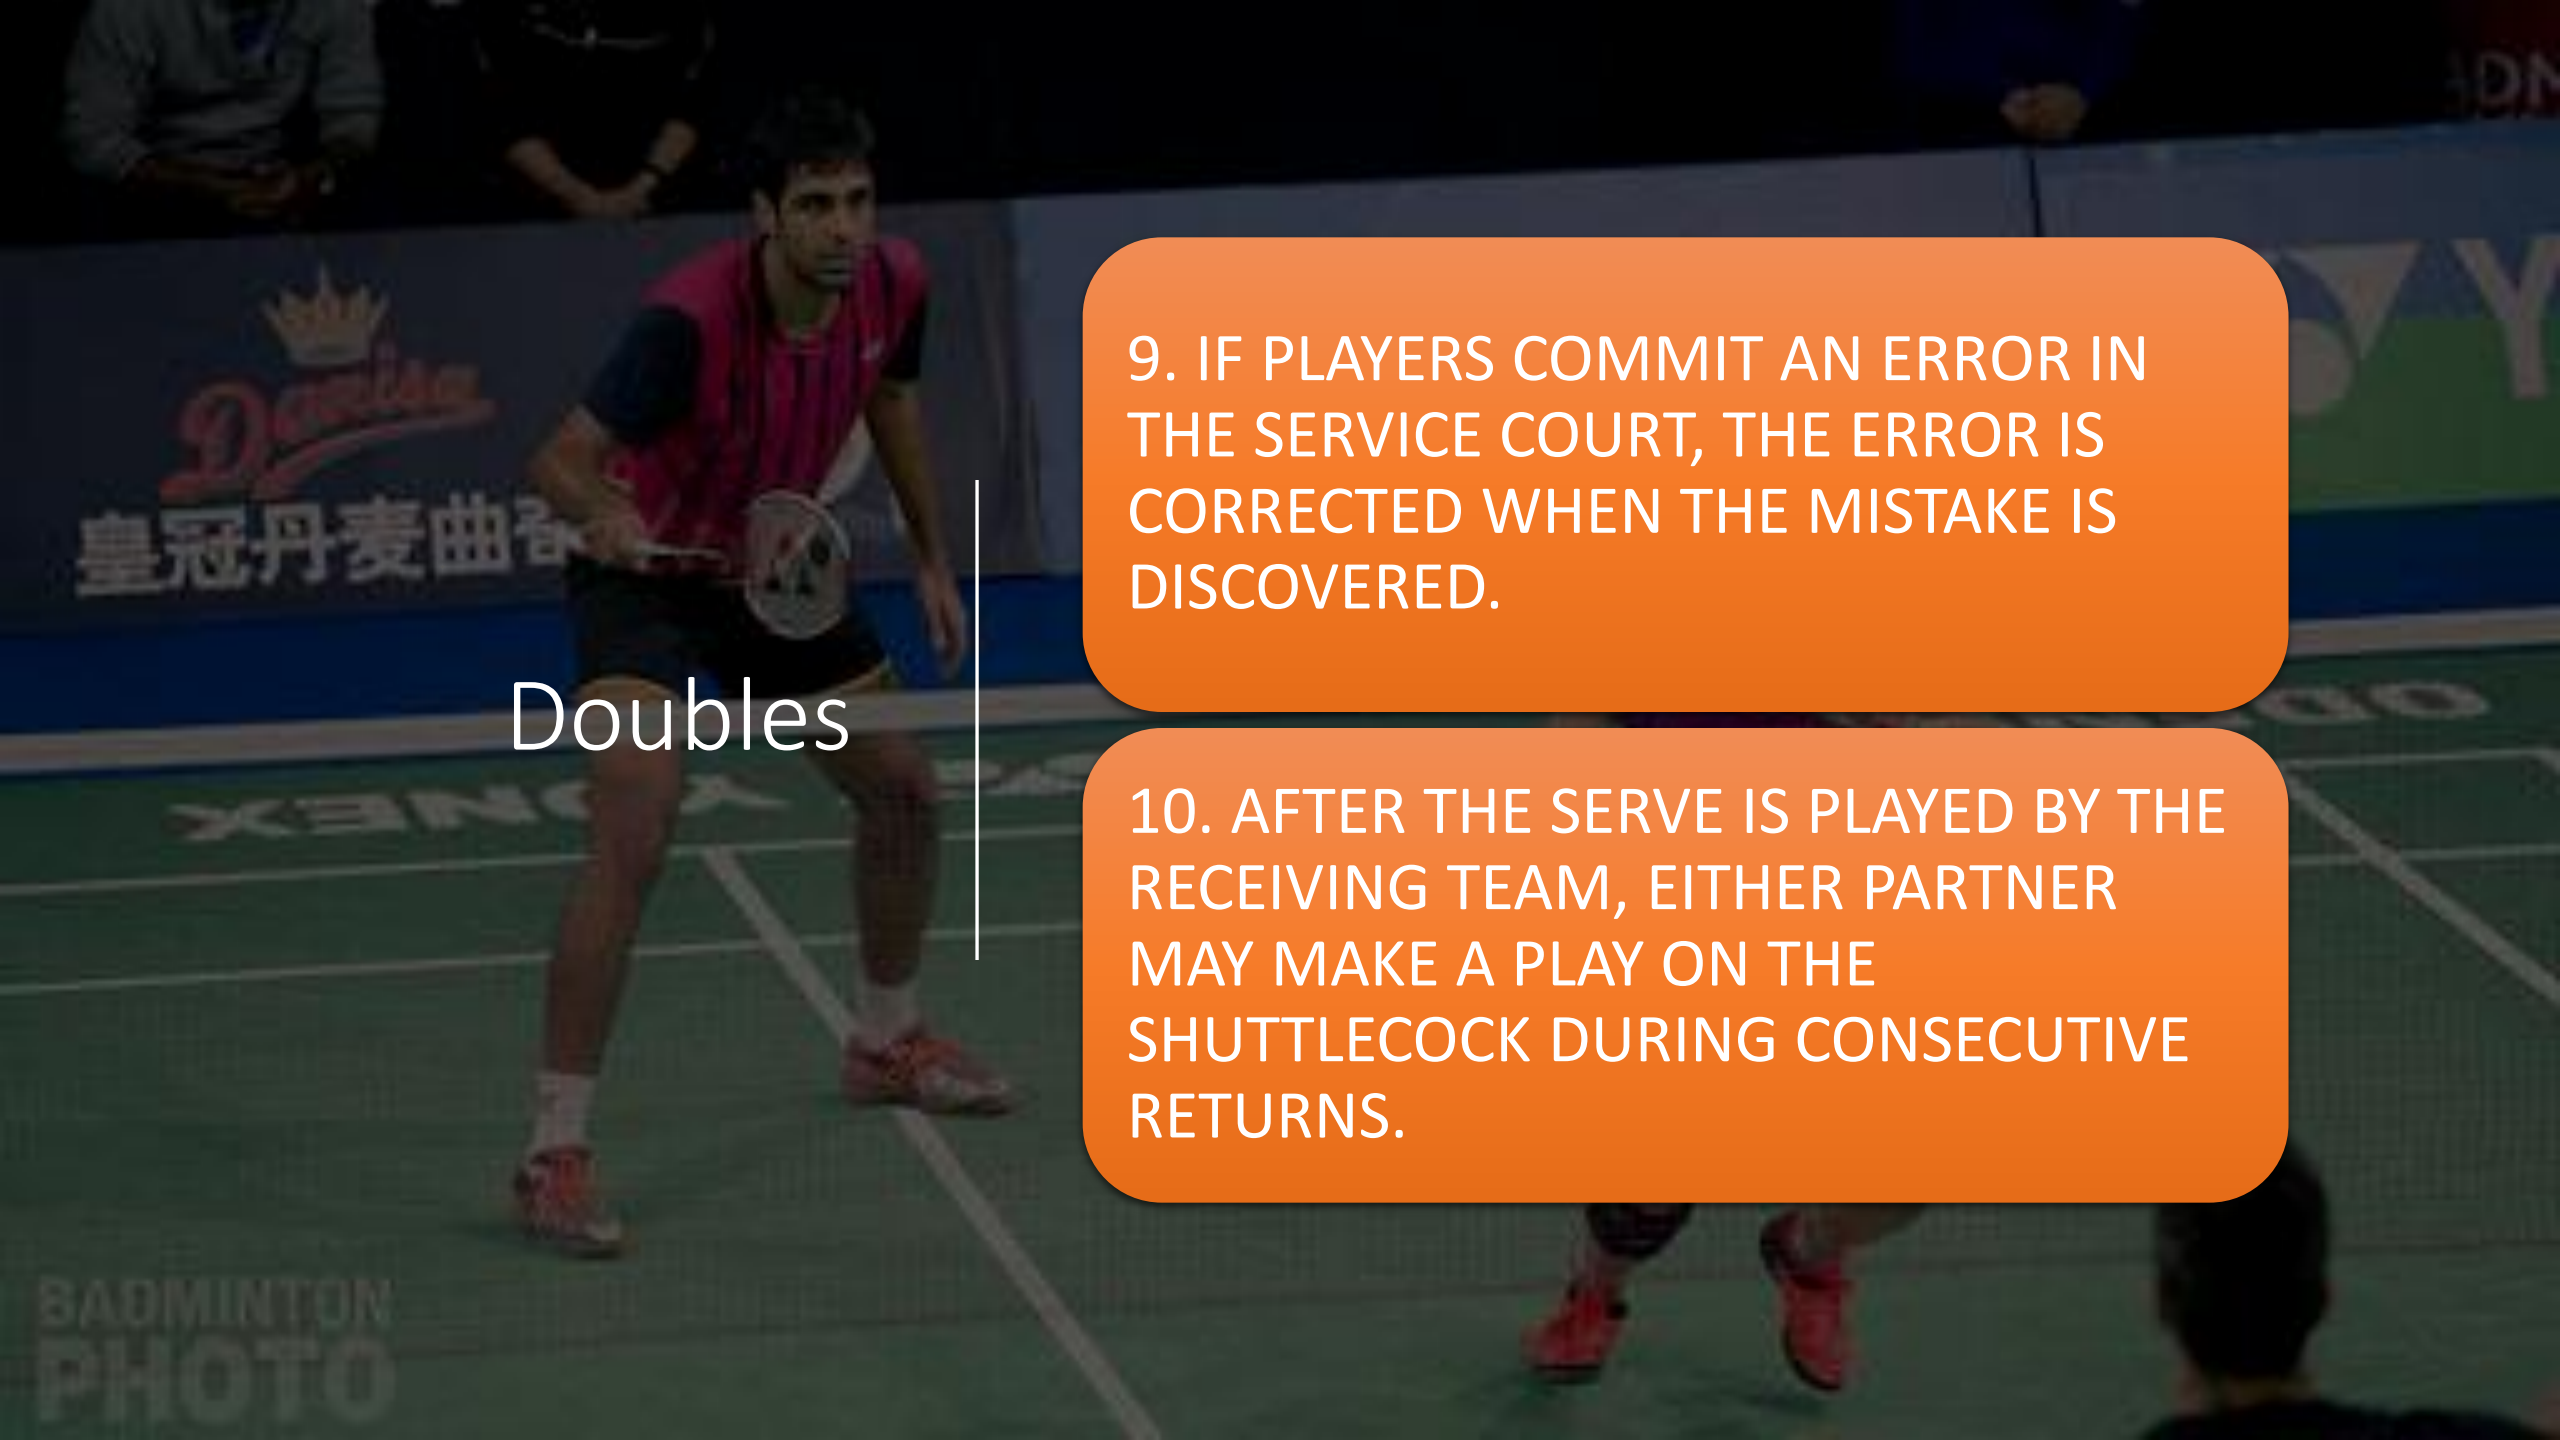

Doubles

1. A side has only one service
2. In the traditional scoring system, each side serves except at the start of the game. In the Rally Point Scoring system, a side only has one serve.
3. At the beginning of the game and when the score is even, the server serves from the right service court. When it is odd, the server serves from the left court.
4. The server must hit the shuttle into the opposite service court. In doubles this extends to the outside rectangular space.

Doubles

5. Once the shuttle is hit after a serve it may be returned into any portion of the other end of the court marked by the outside edges of the boundary lines.
6. If the serving side wins a rally, the serving side scores a point, and the same server serves again from the alternate service court.
7. If the receiving side wins a rally, the receiving side scores a point. The receiving side becomes the new serving side.
8. The players do not change their respective service courts until they win a point when their side is serving.

Doubles

9. IF PLAYERS COMMIT AN ERROR IN THE SERVICE COURT, THE ERROR IS CORRECTED WHEN THE MISTAKE IS DISCOVERED.

10. AFTER THE SERVE IS PLAYED BY THE RECEIVING TEAM, EITHER PARTNER MAY MAKE A PLAY ON THE SHUTTLECOCK DURING CONSECUTIVE RETURNS.

GENERAL RULES

1. You should not serve until the opponent is ready, but if he/she attempts to return the serve, he/she is considered ready, and play continues.
2. If in serving, you miss the shuttlecock, you may serve again providing your racquet did not make any contact during the attempt.
3. Birdies that hit the net as they cross during play are good and should be played.
4. If, in serving, the shuttle touches the net, it is a “let” provided the service is otherwise good and the birdie is served again.
5. Birdies that fall on the line are considered good.

Interval and change of ends

When the leading score reaches 11 points, players have a 60 second interval

A 2-minute interval during after a set

In the third set players change ends when the leading scorer reaches 11 pts.

A badminton match is taking place on a green court. Two players, one in a blue shirt and one in a yellow shirt, are in the middle of a rally. A referee is visible in the foreground, looking towards the court. The background shows a large stadium with red seating and various banners, including YONEX and MolLife. The text "Fault?" is overlaid in a large, pixelated font at the top center.

Fault?

FAULTS

Service Fault

Stepping

Outside

Doesn't pass over the net

Short

Wrong side of the court.

Service Fault

If the shuttle cock is above the waist

If the racket's head is not pointing downwards after impact

If the shuttlecock hits the ceiling.

Wrong server.

RALLY FAULTS

Hits the bird twice in one motion

Fails to return the bird

Obstructs, distracts or hinders opponent

Touches the net with the racket

Bird touches the ceiling or walls

Passes through or under the net

The bird touches a person or their clothes.

LET

If a let is called, the rally is stopped and replayed with no change to the score.

Let may occur due to some unexpected disturbances

Like weather, malfunction of the equipment used, if the receiver is not yet ready.

A photograph of a badminton umpire, a man with dark hair, wearing a black and red tracksuit. He is seated at a yellow and blue desk, gesturing with his right hand. A microphone is positioned in front of him. The background is a blurred stadium setting.

OFFICIALS OF THE GAME

1. Umpire

- ☐ The main judge of a badminton match.
- ☐ He/she has the power to overrule any decisions made by the service judge or the line judge
- ☐ Looks for the faults committed around the net area such as whether a player touched the net when returning the shuttle

- **Service Judge**

The service judge is responsible in making a service fault call and to provide shuttles to the players.

- **Line Judge**

line judges sit beside the badminton court (right in front of every in/out lines) to determine whether the shuttle is inside or outside the boundaries of the court.

A vinyl record is shown on a turntable, with the tonearm and stylus resting on the surface. The background is dark and filled with out-of-focus, warm-toned circular lights (bokeh). The entire scene is framed by a thin white border.
